

SCIENCE CAMP

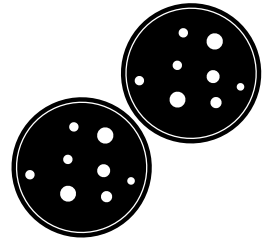

SPACE WEEK

WELCOME!

Welcome to space camp week where kids can learn about the mysterious and magical universe! Pick one activity a day to add to your summer fun or enjoy a full day of space science!

OREO MOONS

Yum! Let's enjoy a bit of edible astronomy with this Oreo moon phases activity project.

FIZZY MOON PAINT

Let's get into a cool STEAM project with our favorite chemical reaction, baking soda, and vinegar.

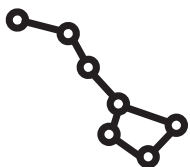

BUILD A SPACE SHUTTLE

Design and build your own space shuttle from simple supplies.

BUILD A SATELLITE

All you need are a few simple supplies to make your own satellite STEM project.

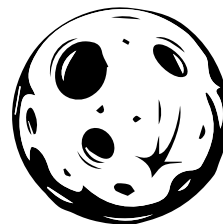

CONSTELLATION CARDS

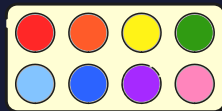

Learn a bit about the constellations in the night sky! This constellation craft is a great way to incorporate hands-on learning and simple astronomy.

MAKE MOON CRATERS

Try this moon crater activity with our easy moon dough recipe.

EXTRAS

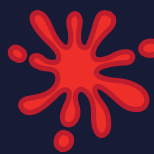

WATERCOLOR GALAXY

Create your own watercolor galaxy art inspired by the beauty of our amazing galaxy.

PUFFY PAINT MOON

Let's bring the moon indoors with this fun and simple puffy paint moon craft.
