

SHARK COLLAGE

Newspapers might be hard to find these days, but they are great for collage crafts!

INSTRUCTIONS

STEP 1: Print the shark template.

STEP 2: Cut up pieces of newspaper into small pieces of various shapes and sizes.

STEP 3: Glue the pieces inside the shark shape.

STEP 4: Once you have filled the shark design, cut it out.

STEP 5: Using watercolor, paint your card stock to look like the ocean. Use various shades of blue.

STEP 6: Use the glue stick to attach the shark to your ocean background once it is dry.

SHARKS

Sharks are fascinating creatures that inhabit the world's oceans, known for their sleek bodies and sharp teeth. They play a crucial role in maintaining the balance of marine ecosystems.

Sharks come in a wide variety of shapes and sizes, ranging from the enormous whale shark, which can reach lengths of over 40 feet, to the smaller and more agile reef sharks. These magnificent creatures have been around for millions of years, evolving and adapting to survive in diverse environments.

SUPPLIES
