

# ANIMAL HABITAT DIORAMA

## COMPANION GUIDE

### What is a Habitat?

A habitat is the place where animals live.

Each habitat supports different animals and plants.

Create a diorama that shows a specific habitat and the animals living there.

Choose a habitat to research. Use books, websites, or other resources to find information.

Answer the questions below to learn more about your habitat:

What type of habitat are you interested in? Examples: Desert, rainforest, tundra, ocean, grassland, wetland, etc. \_\_\_\_\_

---

What materials will you need to accurately represent this habitat? Think about natural elements like rocks, soil, water, or vegetation, as well as craft materials.

---

How will you show the interactions between organisms in this habitat? Examples: Predator-prey relationships, pollination, competition for resources.

---

What educational message do you want to convey through your diorama? Consider themes like conservation, biodiversity, or adaptation.

---

What size and scale will your diorama be? \_\_\_\_\_

# ANIMAL HABITAT DIORAMA

## Plan Your Habitat Diorama

### Checklist:

Shoe box or cardboard box

Construction paper

Scissors

Glue

Markers

Animal figurines or cutouts

Natural materials (twigs, leaves, sand, cotton balls for snow)

Sketch your diorama design here.

Write down ideas or important details.

## My Habitat Diorama Reflection

Answer the questions below to reflect on your project.

What habitat did you choose? \_\_\_\_\_

Describe the habitat you selected for your diorama. \_\_\_\_\_

What animals did you include in your diorama? List and describe the animals you added. \_\_\_\_\_

What types of plants are found in this habitat? List some common plants and describe their appearance. \_\_\_\_\_

What is the climate like in this habitat? Describe the temperature, precipitation, and any seasonal changes. \_\_\_\_\_

What was your favorite part of this project? \_\_\_\_\_

Share what you enjoyed most about creating your diorama.

\_\_\_\_\_

What did you learn about this habitat and the animals that live there?

\_\_\_\_\_

Explain any new information or interesting facts you learned during the project.
